

ABOUT US

who are we

Founded in 2007, TOKUŞ İNŞAAT GAYRİMENKUL AŞ offers construction, consultancy and consultancy services besides real estate development activities.

Nuri Tokuş, the owner of our company, is one of the well-known successful businessmen of Alanya, which also has investments in different sectors.

Our company, which is among the well-known and reliable companies of Alanya, has a young, dynamic staff that renews itself. On the other hand, we have been taking an active role in the sector since 2007. Thanks to the knowledge and experience we have gained in this way, we provide services on the basis of an environment of trust.

We are working to make you profitable both when buying and selling. Thanks to our wide real estate and client portfolio, we help you quickly finalize your real estate purchase, sale or support transactions without waiting for a long time.

OUR SERVICES

we work for you

REAL ESTATE DEVELOPMENT

To carry out projects related to real estate, to evaluate lands, to develop existing projects. Establishing and constructing housing, business, office, shopping and entertainment centers, training centers, sports centers, health complexes and health facilities such as hospitals, hotels, motels, holiday villages, marinas, restaurants and similar touristic facilities on real estates, to have, to operate, to transfer the operating right, to rent, to lease established or to be established facilities, to establish partnerships for this purpose, to make all kinds of cooperation agreements.

ASSET MANAGEMENT

It aims to manage the real estate not only operationally but also financially, and for this, it is necessary to examine not only the dynamics of the asset, but also the effects of the market in which it is located and the global financial markets.

Investors from different structures such as institutions, financing banks, companies with their own real estate portfolio or family offices with a certain level of assets each benefit from our long-term approach to real estate portfolio management that covers all different asset types. Our asset management service includes high-level reporting, planning and management regarding the current level of the asset, optimizing the financial position of the asset and keeping the asset ready for sale at the highest possible value.
