

About US :

Our company, which was founded in 2005 by Ömer ÖZDEMİR in Alanya, started its activities with the aluminum sector. The point we have reached today, starting from the bottom step, is our greatest source of pride and thanks. Our commercial adventure, which started with an area of 30 m², has become our general policy with our understanding of quality, as well as our knowledge and experience. In order to facilitate and increase accessibility to the aluminum systems that are used to facilitate every area of life, we continue to our domestic and foreign services. Our company has set customer satisfaction as its target with its high quality production and wide product range. After this beautiful point we have reached in our country as a result of our goal, our aim is to provide high quality aluminum systems to the whole world. to offer a wide range of business. In order to reach our basic goal, we continue our way by educating all employees and increasing our project and field work day by day.

Our Mission

Akdeniz Metal's mission is to become the "Aluminum / Metal facade systems manufacturer of the world" by offering the best quality products and services in Aluminum / Metal facade systems, regardless of its domestic and foreign consumers. In this regard, Akdeniz Metal aims to offer the product produced with the most advanced technology and the most qualified service to the world in a global mindset when it comes to Aluminum / Metal facade systems.

Our Vission

Our vision is to be one of the leading brands in the world when it is called "The World's Highest Quality Aluminum / Metal Facade Systems". Turkey's name, the world market in the "best quality products" in our journey to place as Aluminum / by leadership to the whole world about Metal Facades Mediterranean metal in high-tech aluminum / metal facade systems, to ensure that an immortal brand.
